### GREAT LIGHT

READ: Genesis 1:16

**The people who sit in darkness have seen a GREAT LIGHT, and on those who sit in the region and shadow of death a light has dawned."**

**-Matthew 4:16 | NET**

Apostle John in his introductory writing concerning the gospel of Jesus Christ, made mention of the Son of God being the word of God. Through further deduction of the proof of Him, He made mention of the Word being light. In him was life and the life WAS the light of men, he said (John 1:5). What does Apostle John mean by the word being light in the past?

In the beginning, we saw that, when God created the heaven and earth, the earth became void, formless and dark. These were the works of Satan and his fallen angels. That time, Satan and his angels had already been defeated in heaven by Michael and his angels and overthrown to the earth which God had created (Revelation 12:7). The Spirit of God brought separation between light and darkness over the deep as He moved over it and that gave God the Father, the utterance to speak about the matter of light.

The Word of God who is Christ Jesus (Revelation 19:13) brought light into the darkness the devil has devised. That was the first time Jesus Christ defeated Satan in the world. That is the meaning of the ‘darkness comprehended it not’ in John 1:5. During creation, we saw two lights that was created: one (sun) to rule the day and another (moon) to rule the night. That was the symbol of Christ Jesus and His dominion over all.

Now we have a great privilege to serve this great light. In this world of darkness, you need the great light that shines through Jesus Christ to separate you from any darkness of sin and iniquity. It is never too late to be born again. If you will only allow this great light to shine in your life through this message, you will enjoy eternal life in New Jerusalem. It is not late until you die. Don't die in the darkness of doubt, unbelief and pride.

**Stay Blessed**
